# 1 Presentation

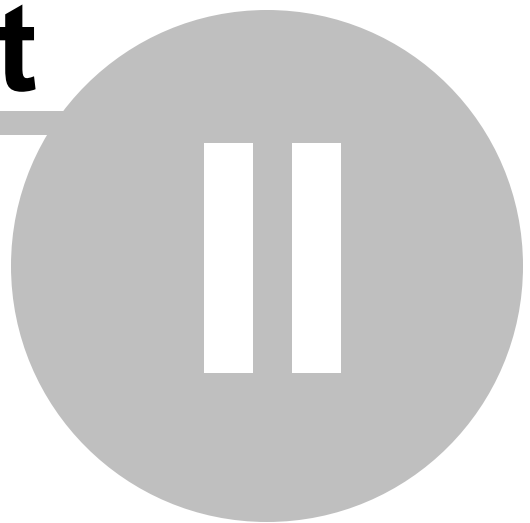

FoxLicenceServer is a web page which purpose is to provide Foxstream clients with licences necessary for Foxstream softwares.

User will have to enter the product code provided by the software to get the Foxstream licence.  
An e-mail will be sent automatically to users associated to the project, summarizing all new licences generated.

Only users authorized by Foxstream are allowed to connect to this web page.

## 2 Authentication

[English](#) [Français ?](#)

FoxLicenceServer 2.0.0

Help : [HTML](#) / [PDF](#)Please [register](#) or identify :Email : Password : 

The web page is subjected to an access right, only registered users are allowed to connect. User has to identify with his/her e-mail and his/her password.

User will then be able, according to rights given, through :

- the main page :
  - to access his/her personal informations
  - to access his/her list of projects
  - to create new projects
  - access statistics about his/her account
- the project page :
  - to access to project nformations
  - to access to the list of licences and request new licences
  - to access to the list of e-mails associated with projets and add new ones

The user may at any time change the interface language (English or French).

To register, the user must fill the following form :

## Registration :

The following form will allow you to create an account on FoxLicenceServer.

Your identifiers will then be sent by e-mail.

If you already have an account on FoxLicenceServer, please [connect](#) with your identifiers.

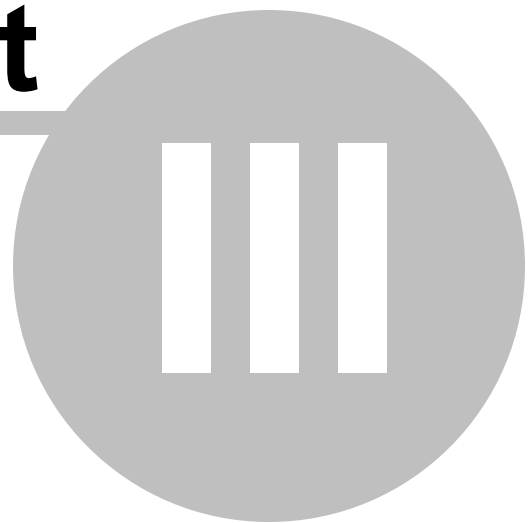

Last name *	Nom
First name *	Prénom
E-mail *	prenom.nom@societe.fr
E-mail (confirmation) *	prenom.nom@societe.fr
Function *	Responsable technique
Phone number	+33 (0)4 27 11 88 38
Mobile phone	+33 (0)6 45 55 77 84
Company *	Société
Address *	17 rue de l'Entreprise
Postcode *	69000
City *	Lyon
Country *	France
<input type="button" value="Send"/>	

Once the form is filled, identifiers will be sent to specified e-mail address.

### 3 Main page

FoxLicenceServer 2.0.0

Help : [HTML](#) / [PDF](#)

[English](#) [Français](#) ?

You are connected as prenom.nom@societe.fr

[Disconnect](#)

---

#### Information :

**Name :** Prénom Nom

**Function :** Responsable technique

**Company :** Société

---

#### 2 projects :

[4567 - Projet Z65A89-OTR](#)

[6789 - Projet S32T12-YGV](#)

[New licence request](#)

---

#### Statistics :

[User summary](#)

[Monthly user summary](#)

[Last generated keys](#)

Once connected, user will get to the main page, above.

From this screen, user has access to his/her informations, to his/her list of projects, to project addition form and to statistics.

To get back to the main page from another screen, the user will have to click on the Foxstream logo.

### 3.1 User information

---

#### Information :

**Name :** Prénom Nom

**Function :** Responsable technique

**Company :** Société

User information screen summarizes information about connected user, that is his/her name, his/her function and his/her company.

## 3.2 List of projects

---

### 2 projects :

[4567 - Projet Z65A89-OTR](#)

[6789 - Projet S32T12-YGV](#)

[New licence request](#)

List of projects holds only projects which user has access to.

By clicking on the name of the wanted project, user has access to corresponding project page.

According to rights given by Foxstream, user will be able to add projects through licence request form.

End-user name *	Entreprise
End-user address *	17 rue de l'Entreprise
End-user postcode *	69500
End-user city *	Bron
End-user country *	France
Comments	Exemple de projet
<input type="button" value="Add"/>	

[Go back to main page](#)

Project addition is done through the above form.

This form is only reachable by some users, according to rights given.

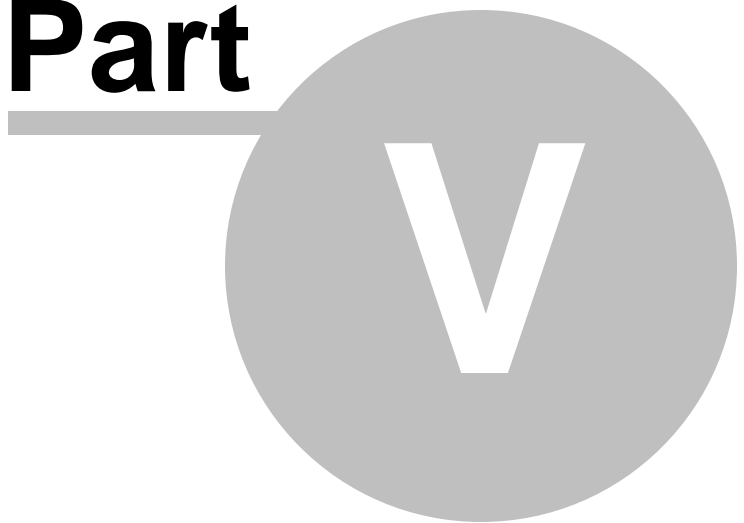

In order to add a new project, you need to fill/check following fields/boxes :

- Project name
- Analysis category(ies)
- End-user name
- End-user address
- End-user postcode
- End-user city
- End-user country
- Comments (optional)

The form may vary slightly according to rights given to user.

To refresh this screen (and empty the fields), user will have to click on "Licence request :".

## 5 Project page

### 4567 - Projet Z65A89-OTR

Name :	4567 - Projet Z65A89-OTR
Software :	FoxVigi
Total number of analyses :	25
Number of used analyses :	13
Number of remaining analyses :	12
Creation date :	2010-11-24
End-user :	Entreprise
End-user address :	17 rue de l'Entreprise
End-user postcode :	69000
End-user city :	Lyon
End-user country :	France
Comments :	Exemple de projet

[Go back to main page](#)

### 3 licences :

Date	Product code	Number of analyses	License code	Action
2010-11-24		4		<input type="button" value="Generate"/>
2010-11-24	S6SDDEB1IFHGH951	8	919D957CP46QA8VK	
2010-11-24	N8PDAT2MP3EQAIF5	5	Generation in progress...	
2010-11-24				<input type="button" value="Generate"/>

### 2 e-mails :

E-mail	Action
<a href="mailto:prenom.nom@societe.fr">prenom.nom@societe.fr</a>	<input type="button" value="Delete"/>
<a href="mailto:prenom.nom@entreprise.fr">prenom.nom@entreprise.fr</a>	<input type="button" value="Delete"/>
<input type="text"/>	<input type="button" value="Add"/>

Once user has chosen a project, corresponding project page appears.

From this screen, user has access to project informations, to project list of licences and to list of e-mails which will receive newly generated licences.

To refresh this page, the user will have to click on the project name.

## 5.1 Project informations

### **4567 - Projet Z65A89-OTR**

Name :	<input type="text" value="4567 - Projet Z65A89-OTR"/>
Software :	<input type="text" value="FoxVigi"/>
Total number of analyses :	<input type="text" value="25"/>
Number of used analyses :	<input type="text" value="13"/>
Number of remaining analyses :	<input type="text" value="12"/>
Creation date :	<input type="text" value="2010-11-24"/>
End-user :	<input type="text" value="Entreprise"/>
End-user address :	<input type="text" value="17 rue de l'Entreprise"/>
End-user postcode :	<input type="text" value="69000"/>
End-user city :	<input type="text" value="Lyon"/>
End-user country :	<input type="text" value="France"/>
Comments :	<input type="text" value="Exemple de projet"/>

Update

[Go back to main page](#)

The project information screen summarizes informations about selected project, that is :

- Project name
- Software associated with the project
- Total number of analyses
- Number of used analyses
- Number of remaining analyses
- Project creation date
- End-user name, address, postcode, city and country
- Possible comments about the project

Some information may be updated. For this, user must replace them in the appropriate fields and click button "Update".

## 5.2 List of licences

### 3 licences :

Date	Product code	Number of analyses	License code	Action
2010-11-24	<input type="text"/>	4		<input type="button" value="Generate"/>
2010-11-24	S6SDDEB1IFHGH951	8	919D957CP46QA8VK	
2010-11-24	N8PDAT2MP3EQAI5	5	Generation in progress...	
2010-11-24	<input type="text"/>	<input type="text"/>		<input type="button" value="Generate"/>

List of licences summarizes all licences already generated, in the process of generation or pre-granted.

In above example, first line corresponds to a pre-granted licence, for 4 analyses. User will only have to specify his/her product code in the empty associated field and to click on the "Generate" button".

The second line corresponds to a licence already generated.

The third line corresponds to a licence in process of generation.  
Once request sent, the new licence generation is done within one minute.

The fourth line corresponds to a licence request form. The user has to specify his/her product code, the number of analyses and then to click on the "Generate" button.

The list of licences may vary slightly according to rights given to the user.

## 5.3 E-mails

### 2 e-mails :

E-mail	Action
<a href="mailto:prenom.nom@societe.fr">prenom.nom@societe.fr</a>	Delete
<a href="mailto:prenom.nom@entreprise.fr">prenom.nom@entreprise.fr</a>	Delete
<input type="text"/>	Add

List of e-mails holds electronical addresses which will receive newly generated licences.

Existing e-mail deletion is done with the associated "Delete" button.

The addition of an e-mail is done with the field on last line and the "Add" button.

E-mail sending is not done immediately after user requests a new licence. Only one e-mail will be sent with with list of newly generated licences. This sending will be done 10 minutes after user has filled his/her last licence.

NB : e-mail sending being automatic, these e-mails may be considered as "spams". To avoid that, you will possibly have to add "no-reply@foxstream.fr" in the "white list" of each e-mail account in copy.

## 6 Statistics

### Prénom Nom's user summary

Date	Project name	End-user	End-user address	Number of generated analyses
2010-11-24	<a href="#">4567 - Projet Z65A89-OTR</a>	Entreprise	17 rue de l'Entreprise 69000 Lyon France	13
2010-11-24	<a href="#">6789 - Projet S32T12-YGV</a>	Compagnie	18 rue de la Compagnie 69000 Lyon France	15
Total :				28

[Go back to main page](#)

User summary holds all user projects.

Summary table holds project creation date, project name, end-user name, end-user address and number of generated analyses.

Monthly user summary is the same summary described above, but only for current month.

Last generated keys holds user last 10 generated keys.

This table holds project name, number of analyses, date, software, product code and license code associated to each key.
